GREENWIRE — Tue., February 19, 2019

[READ FULL EDITION](#)

1. SUPREME COURT:

Clean Water Act case could have sweeping impacts

The Supreme Court this morning agreed to hear a case involving whether the Clean Water Act covers pollution that moves through groundwater before reaching a federal waterway. Environmental groups, states, industry and conservatives are watching the case closely, as its outcome could clarify or narrow EPA's historical interpretation of the types of pollution discharges covered by the law.
